

LAPBOOK

-Rishabh Roshan

It's the user manual of lapbook .It teaches you how you can use lapbook and talk to Jadoo.

- ❖ First you have to maximize you screen.
- ❖ Then you need to enter password which you have to ask Rishabh.
- ❖ After this you are provided with 3 options :
 - If you are a new user then you reply 2 and Create your account. It will ask you to give your name which will be your username to your account. Then enter your valid email-id and secure your account with suitable password. Then Sign in.
 - If you had your account in lapbook then sign in by simply replying 1. Then username and password. If you entered incorrect password you are provided with two options "Try again" and "Forgot Password". In forgot password you can change your password by verifying by your email-id provided in lapbook account.
- ❖ Finally after signing in you will enter in Jadoo's world. Then by pressing enter You can talk to Jadoo.

NOTE: (* for passwords)

- You can press esc in password field to escape to start.
- Backspace to delete.
- And enter when you done.

NOW AS WE KNOW JADOOO IS NOT FROM THIS PLANET AND OBVIOUSLY HE DON'T KNOW OUR LANGUAGE. BUT RISHABH IS TEACHING JADOOO OUR LANGUAGE AND ITS TRAINING IS STILL GOING ON.

THEREFORE THERE IS LIST OF SOME WORDS WHICH JADOOO KNOW AND YOU CAN TALK TO.....

- Hi , hii , hi , namaste , hello
- good morning ,good afternoon ,good evening
- pagal h kya
- ok
- please
- fine
- yes
- sorry
- really
- cool
- thank you
- how are you
- who are you
- can i be your friend
- tell me something about Rishabh
- explain yourself in detail
- tell me something about yourself
- can you show me lapbook programming
- do you know how many accounts are there in lapbook
- please tell me my account details

- get lost
- go to hell
- i hate you
- delete my account
- logout
- good night
- bye
- good bye

In this updated version one awesome thing is also there you can ask Jadoo about any person. If Rishabh had told him any thing about that person then Jadoo will reply you his point of view regarding that person.

Now how to use this :

You just need to ask -

- who is Rishabh
at place of Rishabh you can enter any name you want to know.... OK...

Hope you like my program..... Whatsapp your feedback with reason.... It will help me improving my program further....

****THANK YOU****
